

Application for Defense of the Master's Thesis / Distributed Systems Engineering

To be filled out by applicant:

Name First Name
 Date of Birth Place of Birth
 Student ID Semester

Admission Requirements: (include module examinations)

Mandatory Modules (total: 30 credits)	Credits	Local Grade
M1: Systems Engineering Examiner: _____	7	
M2: Ubiquitous Information Systems Examiner: _____	13	
M3: Distributed and Secure Platforms Examiner: _____	5	
M4: System Design and Analysis Examiner: _____	5	
Elective Modules (total: 48 credits)	Credits	Local Grade
Module: _____ Examiner: _____		
Module: _____ Examiner: _____		
Module: _____ Examiner: _____		
Module: _____ Examiner: _____		
Module: _____ Examiner: _____		
Module: _____ Examiner: _____		
Module: _____ Examiner: _____		
Module: _____ Examiner: _____		
Module: _____ Examiner: _____		
Mandatory Internship (total: 12 credits)	Credits	Local Grade
Title: _____ Examiner: _____	12	

Please, turn over!

The applicant has to present the following certificates / documents (originals!) to the Service Center for International Students (SCIS):

- transcript degree booklet with proofs of mandatory and elective modules and internship(s)
- Matriculation Certificate (with valid semester)

In addition, the applicant has to confirm the following:

I, hereby, confirm that I

- have not ultimately failed the Master's Examination in the study program in Computational Engineering at another academic institution within the scope of the Framework Act for Higher Education ("Hochschulrahmengesetz")
and
- have not started the Master's Examination process in the study program in Computational Engineering at another academic institution within the scope of the Framework Act for Higher Education and failed a module examination or the Master's Thesis in such process, where I would still be eligible for a repeat exam under the respective institution's requirements.

Place, Date

Applicant's Signature

Please, note:

The application for defense of the Master's Thesis has to be submitted to the SCIS in person; certificates / documents required for admission have to be presented. The application for defense of the Master's Thesis has to be submitted no later than 2 weeks before the desired date for the defense.

To be filled out by the SCIS!

The SCIS confirms that all admission requirements, as stated in the Examination Regulations, have been met and that all certificates / documents have been presented.
